Work Experience

SHW

August 2021 - March 2022

Director, Event Technology & Chief Privacy Officer

Seattle, WA

- Oversaw Video Production line of business, producing livestream and pre-recorded events that included continuing education for dentists, multi-day customer conferences, and training. Events occurred across multiple time zones and languages.

- Configured NetSuite ERP as a financial operations platform by gathering requirements from cross-functional teams and directing implementation. Established both company-wide and individual contributor business processes for the new enterprise platform.
- Wrote, implemented, and enforced compliance policies that met GDPR standards.

SHW

January 2017 - July 2021

Business Operations Manager

Seattle, WA

- As Head of the IT Department managed the annual IT budget, reported to senior management and negotiated IT support and SaaS vendor contracts.
- Wrote and implemented standardized Operating Manual for event planning, including standard operating procedures and 15 templates.
- Optimized training and onboarding for new event managers.
- Redesigned budget template in Excel, reducing human errors that saved up to \$70k annually.

SHW

September 2014 - January 2017

Project Manager & Salesforce Administrator

Seattle, WA

- Transitioned company from end-of-life SQL server to new custom-built Salesforce instance.
- Reduced expense report processing time by 60% with a custom-built, cloud-enabled process in Salesforce, providing real-time data that was more accurate and accessible.
- Built shift app automating time tracking and expenses for on-call staff, saved Payroll 10hrs per month.
- Led rebranding efforts under new CEO including a new company website on Squarespace and tasked to source a new logo design.

SHW

May 2012 - September 2014

Registration and Guest Services Coordinator

Seattle, WA

- Constructed event registration websites to collect attendee data and processed data for reports.
- Provided high quality customer service to clients, attendees, and partners.
- Maintained data integrity and privacy compliance while providing clients, vendors, and internal teams with necessary reports for successful event production.

Non-Technical Skills

- Salesforce System Administration
- Public Speaking, Strong Written and Verbal Communication
- GDPR Compliance and Data Privacy
